ABOUT US

At Tejvisaconsultancy, given a chance, we will make sure that you do not regret putting your hard-earned money with us. We will aim to the best of our capacity to make your/your child's dream of studying abroad come true.

Mr. Kashyap Patwa
[Founder]

Our Founder, only 24 years old, has embarked upon this entrepreneurial journey. Having returned from London, the United Kingdom while, studying for a Master's in Management from Brunel University, he realized the difficulties Indian students faced before studying abroad. So, keeping that in consideration, he has started this venture called Tejvisaconsultancy. Being a millennial in the truest sense, he is tech-savvy, loves meeting new people, tries different things, and enjoys reading. Already at this young age, he has traveled to the major countries in the world, most notably the United States of America, Canada, the United Kingdom, and Hong Kong. While studying in the UK and before going there, he observed the pain parents and students had to face right from choosing a particular agent, the desired course, the right college, and most importantly, managing the finances. He realized the need for transparency and efficient customer service in this field, and that is what he aims to achieve from this start-up.
